ROME, Apr. 21—(INS)—The Italian Ministry of Interior estimated today that the Christian Democratic Party has won between 280 and 300 seats in the Chamber of Deputies—a possible absolute majority.

The deputies to be seated total 574, which means that the Christian Democrats could achieve a working majority independent of other groups with a membership of 288.

The extent of the victory won by the Christian Democratic (Catholic) Party over the Communists coincided with renewed speculation that the Leftists, burned by defeat, might resort to other means to obtain power.

Police reported that a succession of mysterious telephone calls has been made from northern centers of Communism to Communist units in southern Italy and also to Left-Wing Socialist Party groups.

A high police official revealed that the calls, intercepted by the Interior Ministry, "incited the southern (Communist) Party Federation to stop moping and get moving."

The calls to the south came from such northern Italian centers as Milan, Turin, Genoa, Modena and Bologna.

The Left-Wing Socialist newspaper Avanti significantly admitted the existence of the telephone calls. The publication, however, attributed the calls to "anonymous agents" of Interior Minister Mario Scelba "who apparently wants to get us out of legality in the hope of crushing us physically."

Avanti asserted that the executive committee of the Communist-led Popular Front has advised its ranks that "these calls and messages are false."

The newspaper added: "No one in the front will be drawn into illegality. There is no reason or pretext for it."

"The front is still a dominant force and we will know how to defend it on a political plane tomorrow."

The Interior Ministry made its estimate that the Christian Democrats will get 280 to 300 seats in the Chamber of Deputies after 90 per cent of the votes in the national elections were tabulated.

The ministry said that the Communist-dominated Popular Front probably will seat between 180 and 200.

The remaining seats would go to other non-Communist parties.

Automobile Club Warns Bicyclists of Accidents

Bicycle riders, attention! To help in reducing bike accidents, the Keystone Automobile Club has formulated a set of ten rules, observance of which, the Club safety experts declare, will make cycling safer without in any way minimizing its enjoyment.

Here they are:

1—Obey all traffic signals, signs and rules. Observance of "stop" signs is important, because motorists on "through" streets are unprepared for sudden appearance of bicycles from side streets or highways.

2—Ride in single file. There is grave danger when groups of cyclists ride three or four abreast on heavily-travelled roads.

3—Keep out of car tracks and ruts. Numerous accidents are due to riders being thrown from bikes in front of oncoming traffic.

4—Don't do "stunts" or "race" in traffic.

5—Don't carry a "passenger" or permit children on roller skates to hang on for a ride.

6—Always signal intention to make right or left turns.

7—Make repairs off the travelled portion of the roadway.

8—"Walk" the bike across heavy traffic unless it is controlled by an officer or traffic light.

9—Don't "hitch" rides on trucks or other vehicles.

10—Always keep brakes and front and rear lights in good operating condition.

A SUMMARY OF THE NEWS

President Truman sent to the Senate nominations for reappointment of all five members of the Atomic Energy Commission amid signs of a bitter battle over confirmation.

The House received a revised selective draft bill to augment the armed forces to 2,000,000 officers and men. The House Appropriations Committee heard testimony from Paul G. Hoffman, Economic Cooperation Administrator, that the \$5,300,000,000 authorized by Congress under the European Recovery Program "may prove insufficient to accomplish the degree of recovery we seek."

In the United Nations a United States outline of a temporary trusteeship over Palestine was received coldly in the Political and Security Committee of the General Assembly. In this overture the United States said it would "undertake its share of responsibility" in providing troops to implement trusteeship, but it did not indicate how much Jewish immigration would be permitted. New Zealand, Australia and the Soviet Union urged that the partition plan be put into effect. Britain was reported willing to use her troops between May 15 and August 1 to aid in administering any trusteeship plan.

Soviet authorities in Vienna threatened to break off Russian-American control in the Austrian capital because of "provocative action" by American soldiers. The United States countered with charges that Russians had been guilty of "armed invasion" of the United States zone.

NOTED ATHLETE TO SPEAK HERE SUNDAY

Dodds receiving trophy for setting new record for indoor mile at Madison Square Garden last January.

Gil Dodds, holder of the world's record for the indoor mile, and for the past three years student coach at Wheaton College, Wheaton, Illinois, will speak in the Bristol high school auditorium Sunday afternoon at 3:30.

Gil, called by newsmen at various times the "Flying Parson" or the "Perambulating Pastor" recently created a sensation in the track world when he set a new world record for the indoor mile at the Millrose Games in New York City's Madison Square Garden, running the distance in four minutes, 5.3 seconds. It was the fastest competitive mile ever run by any American, indoors or out.

Convinced that the Lord could use him on a cinderpath as well as behind a pulpit, Gil returned to competitive racing in June of 1946 after he had hung up his spikes in favor of an extensive national speaking tour early in 1945.

Winning the mile in the Boston Athletic Association Games in Boston early this February climaxed his comeback trail which has seen him win 31 consecutive races and capture 21 indoor mile events in a row. Gil's 1948 season was cut short by a session with the mumps after three races and he is now in training at his home near Wheaton for the Olympics this summer.

In 1942 Dodds won the Sullivan award presented to the "amateur athlete who has done the most to advance the cause of sportsmanship during the year" and in 1947 he received the annual track writers trophy for outstanding contribution to the sport.

The bespectacled Nebraskan in his spare time acquired his Bachelor of Divinity degree at Gordon College of Theology and Missions at Boston in June, 1945. He is now doing graduate work at Wheaton College.

Since the Wheaton cross country and track teams have been under his direction as student coach, they have taken both the Illinois state cross-country championship, and the Little Nine or College Conference of Illinois track title. They have placed high in several nationally known meets, winning the Midwest Invitational in 1947. The team was coached by correspondence while Dodds was in the East.

Dodds is the son of Rev. and Mrs. J. G. Dodds of Akron, Ohio. Gil and his wife, Emma, their five-year-old son, Jack, and baby daughter, Jann Lucinda, now reside in Kola, Illinois.

There will be music by the Bristol High School Choir, the Men's Glee Club of Bristol, and soloist Carol Sue Perkins.

No admission charge—no offerings to be taken.

Heart Condition

A HOSPITAL DIRECTOR

QUAKERTOWN, Apr. 21—Dr. John A. Weierbach, 65, of this place, a well-known surgeon and eye, ear, nose and throat specialist, died suddenly Saturday evening in Grand View Hospital of a heart ailment, following an illness of about a month. Dr. Weierbach, one of the founders of the hospital and a member of its staff from the time of its organization, was stricken while about to conduct a class at the hospital's nursing school about a month ago. He had been a patient at Grand View since that time. His recovery appeared to be rapid and his death was unexpected.

Born on a farm near Pleasant Valley, Dr. Weierbach was a son of the late Josiah and Amelia Weierbach. He attended the schools of Springfield township and Perkins Seminary at Pennsburg. He then entered Medico - Chirurgical College, Philadelphia, from which he was graduated in 1910.

ASK WHETHER MOTHER OR SON DIED FIRST

Doylestown Authorities
Have Perplexing Question To Answer

UNABLE TO DECIDE

DOYLESTOWN, Apr. 21—Who died first, the mother or her son, both of whom met death Friday morning in a gas-filled cabin, is a question authorities have been asked to solve.

A 16-year-old son, a mental patient, is the only known close survivor.

Chief of Police Felix R. Gowan, who was asked by a Philadelphia financial authority whether Mrs. Jane Page, 52-year-old mother, or her son, John, 14-year-old high school student, died first, is unable to say. It is doubtful if any one can solve this phase.

The financial investigator, representing a large Philadelphia institution, said a son, who is in a New Jersey mental institution, is the heir. The boy, who is 16 years old and two years older than John, who died, has been told of his mother's and brother's death.

Whether his mother died first or her son will affect inheritance of a trust fund and involve certain legal complications.

It seems that Mrs. Page received more than \$200 from a trust fund.

COLLECTOR TELLS HOW TO DISPOSE OF TRASH

Requests That Papers Be
Tied and Heavy Trash
Put On Top of Piles

LOADS INCREASING

Bristol's "Clean-up, Paint-up and Fix-up" campaign sponsored by the Bristol Chamber of Commerce is now in its third week. There remains much to be done and one man who is playing quite a part in the campaign is Dominic Lattanzi, the authorized trash collector.

In interviewing Mr. Lattanzi, it is learned that there are normally 24 big truck loads of trash hauled from the properties of Bristol to the borough dumping grounds every week. Since the inauguration of the "clean-up" campaign here this has increased to 30 loads.

The average day's work before "clean-up" started was about six loads, varying according to the district of the borough. This has likewise jumped.

There were normally four and a half loads hauled from the first and second wards, before the campaign started at the beginning of this month. This has now increased to five and one-half.

In the fifth ward there were five and one-half loads and now this has increased to six loads.

It takes two trucks to clean the sixth ward and the third and fourth wards. From the former there were usually seven loads hauled and now nine and the same condition exists as in the sixth ward, increasing to nine loads from each.

Mr. Lattanzi calls attention to the residents that they should not put earth in the containers with grass and leaves, as this makes the receptacles very heavy.

Residents are also careless about failing to tie papers into bundles and in placing the light material on top of the piles instead of the heavy material to prevent the wind blowing the trash over the street.

"Some people are also wetting their ashes so that the dust will not blow when they are emptied. This makes the containers very heavy," says the collector.

Mr. Lattanzi has been placed in charge of the borough dump and will keep it leveled off. He asks that those having material to place on the dump do so by driving into the grounds and he asks them not to dump it along the railroad siding.

Woman Arrested On Reckless Driving Charge

DOYLESTOWN, Apr. 21—Last Saturday's automobile accident that wrecked the front porch of Mrs. Thomas Walker, 192 East State street, to the extent of an estimated \$207 damages, resulted in the arrest of Mrs. Amelia Doggrell, 45, of 85-85 98th street, Woodhaven, N. Y., on a charge of reckless driving.

Mrs. Doggrell was driving west on East State street when she lost control of her car—a new sedan—as it was rounding the curve in front of the property of Mrs. John C. Swartley. The car swerved to the south side of State street and knocked down the posts of the Walker porch. Mrs. Doggrell was not injured.

The driver told Doylestown police that she drives through Doylestown quite often, but on this occasion was evidently going too fast to round the curve properly, and lost control. Mrs. Doggrell has been held for a further hearing next Saturday morning, April 24, before Justice of the Peace William Wrigley, at Edison.

Duff Calls for a "Reawakening of the Spiritual Power of America"

Beaver Falls—Pennsylvania Gov. James H. Duff today had called for a "reawakening of the spiritual power of America." In a speech climaxing Geneva College's 100th anniversary Tuesday, the Governor warned that stopping Russia short of war means foreign aid backed up by military preparedness. Speaking at the afternoon convocation exercises, Gov. Duff said that "with our country's succession to world leadership the most immediate and serious problem confronting us arises out of our difficulties with the Soviet Union. He concluded by cautioning against "fear and hysteria" that might lead to spending of "unnecessary great" sums for defense, and against haphazard foreign aid, "because there is a limit to our ability to make financial gifts."

Reuther Expected To Recover From Shooting

By Cyril Lindroth
(INS Staff Correspondent)

DETROIT, Apr. 21—(INS)—Doctors at Grace Hospital declared early today that UAW-CIO President Walter P. Reuther will recover from gunshot wounds inflicted by an unknown assassin.

Reuther was struck on the right side by a shotgun blast fired through the window of his home at 9:45 p. m. last night. It was at first feared that it would be necessary to amputate his right arm to save his life.

After examining Reuther for more than two hours in the operating room and removing several "buckshot pellets," Grace Hospital doctors described Reuther's condition as "good."

Police said the militant labor leader escaped the main "pattern" of the discharge and was struck by only a few shots.

Police at the same time admitted that they were without a single clue as to the identity of the assailant.

The blast caught the red-headed chief of the nation's largest labor union as he walked arm and arm with his wife, May, on an evening raid on the icebox. Pellets splintered a kitchen cabinet and imbedded in a wall, but Mrs. Reuther was unharmed.

The Reuthers' two daughters, Linda, 5, and May, 1, were asleep in an upstairs room of the modest Reuther cottage on Appoline street in northwest Detroit.

A next door neighbor, Mrs. Helen O'Keefe, told police she saw a man poke a gun—"It looked like a sawed off shotgun"—through the kitchen window and fire point-blank. She said the assailant disappeared around the front of the house and shortly afterward she heard a car start up and roar away. Mrs. O'Keefe said the car "sounded like a Ford" and other neighbors reported seeing a red Ford sedan speeding from the scene.

They have placed high in several nationally known meets, winning the Midwest Invitational in 1947. The team was coached by correspondence while Dodds was in the East.

Dodds is the son of Rev. and Mrs. J. G. Dodds of Akron, Ohio. Gil and his wife, Erma, their five-year-old son, Jack, and baby daughter, Jann Lucinda, now reside in Eola, Illinois.

DR. JOHN WEIERBACH DIES VERY SUDDENLY

Well-Known Surgeon of
Quakertown Dies of
Heart Condition

A HOSPITAL DIRECTOR

QUAKERTOWN, Apr. 21—Dr. John A. Weierbach, 65, of this place, a well-known surgeon and eye, ear, nose and throat specialist, died suddenly Saturday evening in Grand View Hospital of a heart ailment, following an illness of about a month. Dr. Weierbach, one of the founders of the hospital and a member of its staff from the time of its organization, was stricken while about to conduct a class at the hospital's nursing school about a month ago. He had been a patient at Grand View since that time. His recovery appeared to be rapid and his death was unexpected.

Born on a farm near Pleasant Valley, Dr. Weierbach was a son of the late Josiah and Amelia Weierbach. He attended the schools of Springfield township and Perkins Seminary at Pennsburg. He then entered Medico-Chirurgical College, Philadelphia, from which he was graduated in 1910.

Dr. Weierbach established a practice in Trumbauersville immediately following his graduation, and about two years later located in this borough.

Because of new Russian regulations, the British ordered a halt in the movement of inland water traffic from the British zone of occupation in Germany into the Soviet zone.

Soviet authorities in Vienna threatened to break off Russian-American control in the Austrian capital because of "provocative action" by American soldiers. The United States countered with charges that Russians had been guilty of "armed invasion" of the United States zone.

ASK WHETHER MOTHER OR SON DIED FIRST

Doylestown Authorities
Have Perplexing Question To Answer

UNABLE TO DECIDE

DOYLESTOWN, Apr. 21—Who died first, the mother or her son, both of whom met death Friday morning in a gas-filled cabin, is a question authorities have been asked to solve.

A 16-year-old son, a mental patient, is the only known close survivor.

Chief of Police Felix R. Gowan, who was asked by a Philadelphia financial authority whether Mrs. Jane Page, 52-year-old mother, or her son, John, 14-year-old high school student, died first, is unable to say. It is doubtful if any one can solve this phase.

The financial investigator, representing a large Philadelphia institution, said a son, who is in a New Jersey mental institution, is the heir. The boy, who is 16 years old and two years older than John, who died, has been told of his mother's and brother's death.

Whether his mother died first or her son will affect inheritance of a trust fund and involve certain legal complications.

It seems that Mrs. Page received more than \$200 from a trust fund.

The Legion cemetery plot has been graded and grass planted and the person or persons who have been driving their cars over the plot are asked kindly to refrain from doing so. It is desired that the plot will be nice for the Memorial Day.

COLLECTOR TELLS HOW TO DISPOSE OF TRASH

Requests That Papers Be
Tied and Heavy Trash
Put On Top of Piles

LOADS INCREASING

Bristol's "Clean-up, Paint-up and Fix-up" campaign sponsored by the Bristol Chamber of Commerce is now in its third week. There remains much to be done and one man who is playing quite a part in the campaign is Dominic Lattanzi, the authorized trash collector.

In interviewing Mr. Lattanzi, it is learned that there are normally 24 big truck loads of trash hauled from the properties of Bristol to the borough dumping grounds every week. Since the inauguration of the "clean-up" campaign here this has increased to 30 loads.

The average day's work before "clean-up" started was about six loads, varying according to the district of the borough. This has likewise jumped.

There were normally four and a half loads hauled from the first and second wards, before the campaign started at the beginning of this month. This has now increased to five and one-half.

In the fifth ward there were five and one-half loads and now this has increased to six loads.

It takes two trucks to clean the sixth ward and the third and fourth wards. From the former there were usually seven loads hauled and now nine and the same condition exists in the sixth ward, increasing to nine loads from each.

Mr. Lattanzi calls attention to the residents that they should not put earth in the containers with grass and leaves, as this makes the receptacles very heavy.

Residents are also careless about failing to tie papers into bundles and in placing the light material on top of the piles instead of the heavy material to prevent the wind blowing the trash over the street.

"Some people are also wetting their ashes so that the dust will not blow when they are emptied. This makes the containers very heavy."

Mr. Lattanzi has been placed in charge of the borough dump and will keep it leveled off. He asks that those having material to place on the dump do so by driving into the grounds and he asks them not to dump it along the railroad siding.

Woman Arrested On Reckless Driving Charge

DOYLESTOWN, Apr. 21—Last Saturday's automobile accident that wrecked the front porch of Mrs. Thomas Walker, 192 East State street, to the extent of an estimated \$207 damages, resulted in the arrest of Mrs. Amelia Doggrell, 45, of 85-85 98th street, Woodhaven, N. Y., on a charge of reckless driving.

Mrs. Doggrell was driving west on East State street when she lost control of her car—a new sedan—as it was rounding the curve in front of the property of Mrs. John C. Swartley. The car swerved to the south side of State street and knocked down the posts of the Walker porch. Mrs. Doggrell was not injured.

The driver told Doylestown police that she drives through Doylestown quite often, but on this occasion was evidently going too fast to round the curve properly, and lost control. Mrs. Doggrell has been held for a further hearing next Saturday morning, April 24, before Justice of the Peace William Wrigley, at Edison.

DOYLESTOWN, Apr. 21—The \$800 personal estate of Mrs. Louisa Mayer, Morrisville, has been bequeathed to a son, Joseph Mayer, Bank street, Morrisville. It is revealed as the will was entered for probate here. The will was written in September, 1936, ten years before death of the testatrix.

Mrs. Laura V. Dare, Warminster township, who left an estate of \$45,000 and died in Shores Memorial Hospital, Somers Point, N. J., Feb. 23, bequeathed her estate to relatives.

The testatrix, who left real estate valued at \$25,000, bequeathed it to a son, Percy H. Dare. The personal estate of \$20,000 will be inherited by Virginia and Percy H. Dare, Jr., each \$2,000; a sister, Elizabeth Hartman, who was bequeathed the testatrix's income from another estate; Virginia Dare, diamond ring; and three sisters, Emma Miller, Anne Young and Elizabeth Hartman, silverware, china, linens and other possessions.

The will, which was executed October 17, 1946, and named the First National Bank and Trust Company of Newtown executor, directed that the son inherit the residue of his mother's estate.

Ten beneficiaries, Lloyd R. Moyer, Mrs. Robert Campbell, Mrs. Clarence Slotter, Mrs. Edgar Miller, Walter F. Moyer, Mrs. Clair Barnes, Harry R. and Russell R. Moyer, Mrs. Ruth H. Hedrick and two grandchildren, Roger and Nancy Anderson, will share in the \$2,000 personal and \$7500 real estate holdings of Harry H. Moyer, Sellersville. Reuther Expected To Recover From Shooting

By Cyril Lindroth
(INS Staff Correspondent)

DETROIT, Apr. 21—(INS)—Doctors at Grace Hospital declared early today that UAW-CIO President Walter P. Reuther will recover from gunshot wounds inflicted by an unknown assassin.

Reuther was struck on the right side by a shotgun blast fired through the window of his home at 9.45 p. m. last night. It was at first feared that it would be necessary to amputate his right arm to save his life.

After examining Reuther for more than two hours in the operating room and removing several "buckshot pellets," Grace Hospital doctors described Reuther's condition as "good."

Police said the militant labor leader escaped the main "pattern" of the discharge and was struck by only a few shots.

Police at the same time admitted that they were without a single clue as to the identity of the assailant.

The blast caught the red-headed chief of the nation's largest labor union as he walked arm and arm with his wife, May, on an evening raid on the icebox. Pellets splintered a kitchen cabinet and imbedded in a wall, but Mrs. Reuther was unharmed.

The Reuthers' two daughters, Linda, 5, and May, 1, were asleep in an upstairs room of the modest Reuther cottage on Apolline street in northwest Detroit.

A next door neighbor, Mrs. Helen O'Keefe, told police she saw a man poke a gun—"It looked like a sawed off shotgun"—through the kitchen window and fire point-blank. She said the assailant disappeared around the front of the house and shortly afterward she heard a car start up and roar away. Mrs. O'Keefe said the car "sounded like a Ford," and other neighbors reported seeing a red Ford sedan speeding from the scene.

Freight Wreck Ties Up P. R. R.

New Brunswick, N. J.—Traffic on the Pennsylvania Railroad's Main Line to New York was delayed today by the derailment of eight cars of an 88-car freight train just east of New Brunswick.

The train was enroute to Jersey City. No one was injured and only one car was upset by the derailment of the cars, located near the middle of the freight.

Three of the four tracks were blocked and east-bound passenger trains to New York were not affected. Trains out of New York were delayed by South Amboy and Jamesburg and returned to the Main Line at Monmouth Junction. The delay caused 30-minute delays in schedules.

The accident occurred at 8.21 a. m. and a second track was virtually cleared by 11 a. m. Cause of the derailment was not immediately determined.

Duff Calls for a "Reawakening of the Spiritual Power of America"

Beaver Falls—Pennsylvania Gov. James H. Duff today had called for a "reawakening of the spiritual power of America." In a speech climaxing Geneva College's 100th anniversary Tuesday, the Governor warned that stopping Russia short of war means foreign aid backed up by military preparedness. Speaking at the afternoon convocation exercises, Gov. Duff said that "with our country's succession to world leadership the most immediate and serious problem confronting us arises out of our difficulties with the Soviet Union. He concluded by cautioning against "fear and hysteria" that might lead to spending of "unnecessary great" sums for defense, and against haphazard foreign aid, "because there is a limit to our ability to make financial gifts."

Hendrickson Appears Winner

Trenton, N. J.—State Treasurer Robert C. Hendrickson today appeared winner of the Republican nomination for U. S. Senator on the basis of unofficial incomplete returns in New Jersey's primary election. His apparent victory over State Labor Commissioner Hendrickson on the GOP slate, bolstered the political prestige of Gov. Alfred E. Driscoll, who supported the State Treasurer.

90 PER CENT—OR ELSE

For a life of uncertainty, consider that of the meteorologist who works for the Continental Air Lines. He has to be correct in his forecasts 90 per cent of the time or lose his job. Considering the hazards involved, and particularly the pranks that the weather can play, this is quite an assignment.

The new regulation, be it understood, is not of the company's doing. It was inspired by a labor union, the Society of Air Line Meteorologists, and it has been written into a contract, along with the provision that members shall swear that they are not Communists.

In the interest of safety, says this unique contract, Continental meteorologists must give accurate forecasts, first of the height of ceiling and visibility at the Denver airport four hours in advance and, second, of weather conditions along the company's 2,900 miles of airlines. A "fair" standard is the aforementioned 90 per cent and the man who fails to meet it may be discharged.

Government weather men, who make the predictions printed in the papers, are wrong more than 90 per cent of the time—regardless of what they say—but in extension it should be added that forecasts are issued more than four hours in advance.

And goosebone prophets, who forecast the severity of winters by the thickness of fur in a squirrel's tail or of bark on trees, can never be held to account after a winter like the recent one, because by spring no one remembers who they are or what they predicted.

MISARRIAGE OF JUSTICE

A grave miscarriage of justice was perpetrated in a Detroit court the other day. Judge John J. Maher rendered a decision that will shake the hearts of men wherever monstrous monuments to modern progress, the juke box, plies its brassy trade. He sentenced to 45 days in the house of correction one Raymond W. Scott, an 18-year-old theater usher.

Scott's crime was that he deliberately and falsely informed police a time bomb had been planted in the downtown theater where he earned his weekly allowance. "They haven't changed the picture in six weeks and, gee, the monotony was killing me," he told the judge. The fact that the movie he had seen some five dozen times starred curvaceous Lana Turner didn't calm the usher's ire.

Young Mr. Scott should be assigned his rightful place among America's long-suffering martyrs. He was thrust into the dungeon for an act of protest which many have had the urge to register. Thousands of rebellious minds daily face the challenge of celluloid inanities.

Mr. Scott, we salute you. May you get a better job when you leave the clink. May you be more careful about time bombs in the future. But may your spirit never die.

Inside Your Congress

Coal Strike Facts

—by—

SAMUEL B. PETTENGILL
"The Gentleman from Indiana"

Last November, John Lewis turned down a better pension deal than he got last week. The "neutral" trustee, Thomas E. Murray, offered to put \$20,000,000 into the pension fund, make the age 60, and the plan retroactive to 1942, with some qualifications. Big John turned this down. Murray then resigned. Now, only \$5,000,000 is put in the pension fund, the age is 62, and the plan is retroactive only to May 28, 1946. Those who would now be drawing pensions at the age of 60, and starting in 1942, are left holding the bag.

Meantime, the nation has lost 40,000,000 tons of coal and 500,000 tons of steel. The railroads have lost vital freight revenues, and factories have sustained huge losses. The miners' strike forced 200,000 steel workers, railroad men, etc., out of work. Lost wages will total around \$250,000,000. This is 50 times the \$5,000,000 put into the pension fund! A high price for peace with Lewis!

Last week's settlement is, of course, temporary. It strengthens Big John for the next round. He can, and no doubt will, demand that the age be reduced from 62 to 60; that the retirement date be pushed back; that the royalty per ton of coal be increased to, say, 40¢ a ton; and the benefits broadened.

Scores of firms have had company-employee pension systems for years. It is argued that the extra hazards to life and health justify pensions to miners, although in their case the entire cost is loaded off on the public.

But the Lewis victory will not stop with the members of the United Mine Workers. Philip Murray and William Green read the newspapers. Look forward to a wave of pension demands by unions everywhere, to be paid by a royalty tax on production. Why should the rest of us pay for our own life, health and accident insurance and pensions, to which miners are also eligible, when Lewis is given the power to unload that burden on the buyers of coal?

Is it sound public policy to give any industry the power to levy a private tax on production for any purpose, however laudable? Already the miners are talking of raising the tax from 10 to 40¢ a ton. What next in coal, and throughout industry?

Thomas Murray, the neutral trustee, resigned last January. From that time to last week, Lewis made no effort to fill that vacancy, and refused the services of Mr. Ching, the government's mediator. Did the strike, therefore, have any real justification?

Big John was playing for big stakes and has won. Because no one can get a pension unless he belongs to Lewis' union, Lewis no longer needs the legal machinery of union elections or governmental support of collective bargaining under the Wagner Act. Pension rights are all he needs to get miners to flock to his union. He has kicked the Taft-Hartley Law in the teeth—subject only to a reverse kick from the courts. Why should pensions be paid only to union members?

This strike took place while the contract had still to run to July first. With the nation's coal stocks now depleted, Big John will be in a commanding position to negotiate a better contract for next year.

In building up a stranglehold labor monopoly, Lewis is the ablest leader in the country. Even if he is fined for contempt, he is way ahead of the game. Under existing law, Lewis can blockade America anytime he chooses.

But where does John Q. Public come out—the consumer who puts up the money for the pension fund? And how "smart" will the politics played by Republican leaders prove to be when the wave of pension demands rolls in?

The 14-year-old son was born in Abington Hospital in 1934 and his parents are believed to have separated shortly afterward.

The brother of the deceased woman, according to one source, had never seen Mrs. Page's husband.

However, if the second or a third section were ignited the adjacent sections would and the whole five-section burner would be ignited.

Anti-Communists Win A Majority Possibly Absolute

Continued from Page One

In the deputies tabulation the Christian Democrats were out in front by nearly four million votes.

They received 19,878,783, or 48.5. The Popular Front amassed 7,960,119, or 31.5 per cent.

In complete tabulation for the Senate race the Christian Democrats received an overall vote of 10,740,131, or 47.9 per cent.

The complicated senatorial election system is delaying the exact number of senators voted into office by the respective parties.

In the balloting for the Senate the Communist Front received 6,955,229, or 31 per cent of the total vote.

The National Bloc obtained 1,364,741, or 6.1 per cent; the Socialist Union 1,586,722, or 7 per cent; Republicans 637,433, for 2.9 per cent; Monarchists 436,597, for 2 per cent.

cent; and the Social Movement 244,646, for 1.1 per cent.

The remainder of the 22,427,183 votes cast went to smaller parties and independents.

The results guaranteed that the Christian Democrats will remain the dominant party. Before the election they pledged a continuance of

a government along the lines of the present coalition.

Whatever the final outcome as to seating, the anti-Communists are assured of approximately 70 per cent control of parliament.

90 PER CENT—OR ELSE

For a life of uncertainty, con-
sider that of the meteorologist
who works for the Continental
Air Lines. He has to be correct
in his forecasts 90 per cent of the
time or lose his job. Considering
the hazards involved, and par-
ticularly the pranks that the
weather can play, this is quite an
assignment.

The new regulation, be it un-
derstood, is not of the company's
doing. It was inspired by a labor
union, the Society of Air Line
Meteorologists, and it has been
written into a contract, along with
the provision that members shall
swear that they are not Commun-
ists.

In the interest of safety, says
this unique contract, Continental
meteorologists must give accurate
forecasts, first of the height of
ceiling and visibility at the Den-
ver airport four hours in advance
and, second, of weather condi-
tions along the company's 2,900
miles of airlines. A "fair" stand-
ard is the aforementioned 90 per
cent and the man who fails to
meet it may be discharged.

Government weather men, who
make the predictions printed in
the papers, are wrong more than
90 per cent of the time — regard-
less of what they say—but in ex-
tenuation it should be added that
forecasts are issued more than
four hours in advance.

And goosebone prophets, who
forecast the severity of winters
by the thickness of fur in a squir-
rel's tail or of bark on trees, can
never be held to account after a
winter like the recent one, be-
cause by spring no one remem-
bers who they are or what they
predicted.

MISARRIAGE OF JUSTICE

A grave misarrangement of justice
was perpetrated in a Detroit court
the other day. Judge John J.
Maher rendered a decision that
will shake the hearts of men
wherever movies are shown, and
wherever that monstrous monu-
ment to modern progress, the
juke box, plies its brassy trade.
He sentenced to 45 days in the
house of correction one Raymond
W. Scott, an 18-year-old theater
usher.

Scott's crime was that he de-
liberately and falsely informed po-
lice a time bomb had been planted
in the downtown theater where he
earned his weekly allowance.
"They haven't changed the pic-
ture in six weeks and, gee, the
monotony was killing me," he
told the judge. The fact that the
movie he had seen some five doz-
en times starred curvaceous Lana
Turner didn't calm the usher's
ire.

Young Mr. Scott should be
assigned his rightful place among
America's long-suffering martyrs.
He was thrust into the dungeon
for an act of protest which many
have had the urge to register.
Thousands of rebellious minds
daily face the challenge of cellu-
loid inanities.

Mr. Scott, we salute you. May
you get a better job when you
leave the clink. May you be more
careful about time bombs in the
future. But may your spirit never
die.

Inside Your Congress

Coal Strike Facts

—by—
SAMUEL B. PETTENGILL
"The Gentleman from
Indiana"

Last November, John Lewis turned
down a better pension deal than
he got last week. The "neutral"
trustee, Thomas E. Murray, offered
to put \$20,000,000 into the pension
fund, make the age 60, and the plan
retroactive to 1942, with some
qualifications. Big John turned this
down. Murray then resigned. Now,
only \$5,000,000 is put in the pension
fund, the age is 62, and the plan is
retroactive only to May 28, 1946.
Those who would now be drawing
pensions at the age of 60, and start-
ing in 1942, are left holding the bag.
Meantime, the nation has lost
40,000,000 tons of coal and 500,000
tons of steel. The railroads have
lost vital freight revenues, and fac-
tories have sustained huge losses.
The miners' strike forced 200,000
steel workers, railroad men, etc.,
out of work. Lost wages will total
around \$250,000,000. This is 50
times the \$5,000,000 put into the
pension fund. A high price for
peace with Lewis!

Last week's settlement is, of
course, temporary. It strengthens
Big John for the next round. He
can, and no doubt will, demand that
the age be reduced from 62 to 60;
that the retirement date be pushed
back; that the royalty per ton of
coal be increased to, say, 40c a
ton; and the benefits broadened.

Scores of firms have had com-
pany-employee pension systems for
years. It is argued that the extra
hazards to life and health justify
pensions to miners, although in
their case the entire cost is loaded
off on the public.

But the Lewis victory will not
stop with the members of the
United Mine Workers. Philip Mur-
ray and William Green read the
newspapers. Look forward to a
wave of pension demands by unions
everywhere, to be paid by a royalty
tax on production. Why should the
rest of us pay for our own life,
health and accident insurance and
pensions, to which miners are also
eligible, when Lewis is given the
power to unload that burden on the
buyers of coal?

Is it sound public policy to give
any industry the power to levy a
private tax on production for any
purpose, however laudable? Al-
ready the miners are talking of
raising the tax from 10 to 40c a ton.
What next in coal, and throughout
industry?

Thomas Murray, the neutral trust-
ee, resigned last January. From
that time to last week, Lewis made
no effort to fill that vacancy, and
refused the services of Mr. Ching,
the government's mediator. Did the
strike, therefore, have any real
justification?

Big John was playing for big
stakes and has won. Because no
one can get a pension unless he be-
longs to Lewis' union, Lewis no
longer needs the legal machinery
of union elections or governmental
support of collective bargaining
under the Wagner Act. Pension
rights are all he needs to get
miners to flock to his union. He has
kicked the Taft-Hartley Law in the
teeth—subject only to a reverse
kick from the courts. Why should
pensions be paid only to union
members?

This strike took place while the
contract had still to run to July
first. With the nation's coal stocks
now depleted, Big John will be in a
commanding position to negotiate a
better contract for next year.

In building up a stranglehold
labor monopoly, Lewis is the ablest
leader in the country. Even if he
is fined for contempt, he is way
ahead of the game. Under existing
law, Lewis can blockade America
anytime he chooses.

But where does John Q. Public
come out—the consumer who puts
up the money for the pension fund?
And how "smart" will the politics
played by Republican leaders prove
to be when the wave of pension de-
mands rolls in?

Anti-Communists Win A Majority Possibly Absolute

Continued from Page One

In the deputies tabulation the
Christian Democrats were out in
front by nearly four million votes.
They received 10,878,783, or 48.5. The
Popular Front amassed 7,060,119, or
31.5 per cent.

In complete tabulation for the
Senate race the Christian Democ-
rats received an overall vote of
10,740,131, or 47.9 per cent.

The complicated senatorial elec-
tion system is delaying the exact
number of senators voted into office
by the respective parties.

In the balloting for the Senate
the Communist Front received 6-
955,229, or 31 per cent of the total
vote.

The National Bloc obtained 1-
364,741, or 6.1 per cent; the Social-
ist Union 1,580,722, or 7 per cent;
Republicans 637,433, for 2.9 per
cent; Monarchists 436,597, for 2 per

cent; and the Social Movement 244-
646, for 1.1 per cent.

The remainder of the 22,427,183
votes cast went to smaller parties
and independents.

The results guaranteed that the
Christian Democrats will remain
the dominant party. Before the elec-
tion they pledged a continuance of

a government along the lines of the
present coalition.

Whatever the final outcome as to
seating, the anti-Communists are
assured of approximately 70 per
cent control of parliament.

★ OUTDOORS Comes INDOORS ★

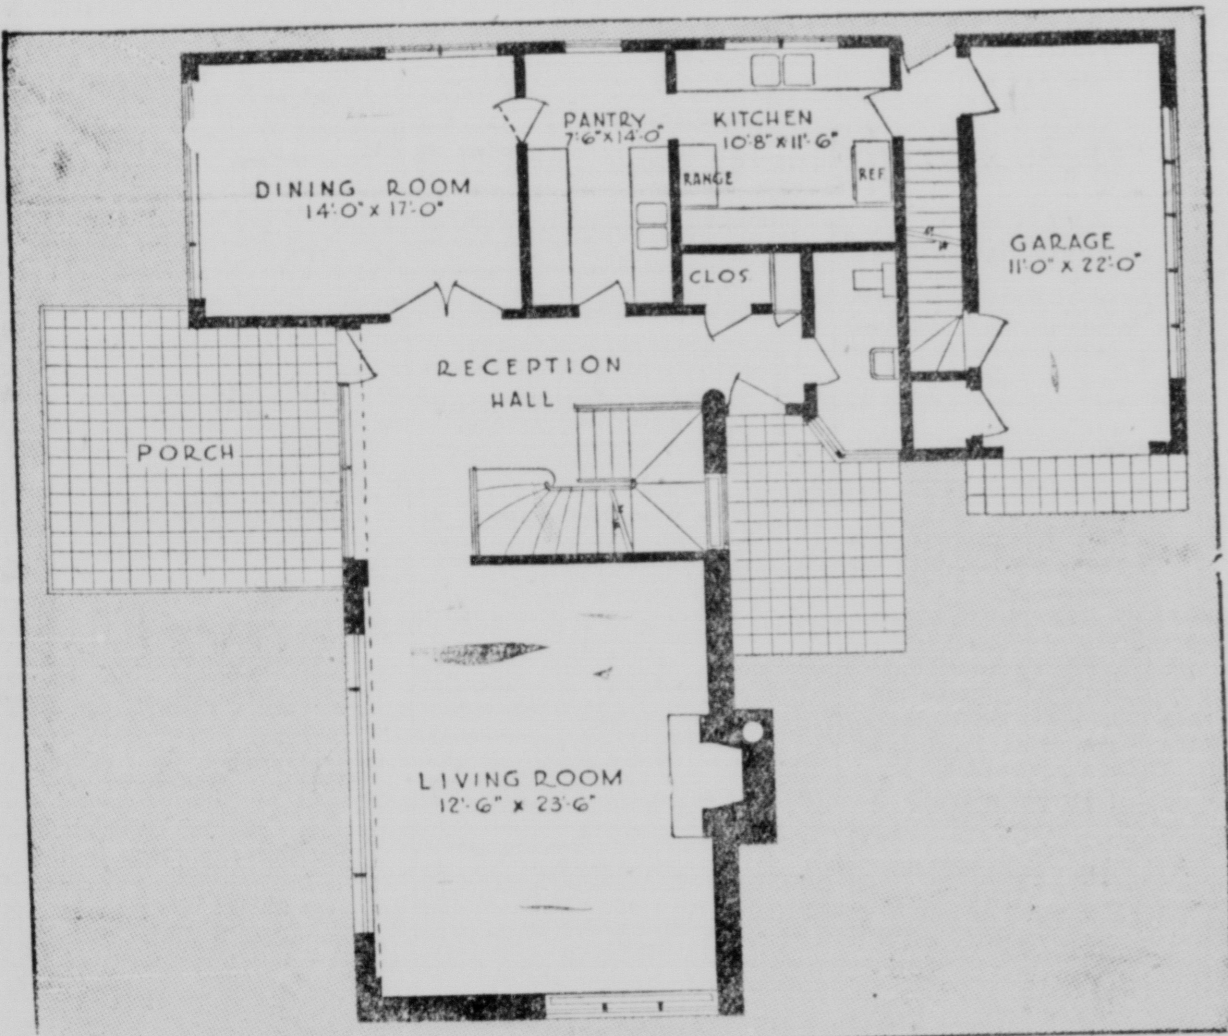

Those to whom the world outside the house is important as the cozily restricted world of indoors will be charmed with this com-

fortable, many-windowed home built of fieldstone and wood. Light, sunshine, fresh air and spacious views are available all year round.

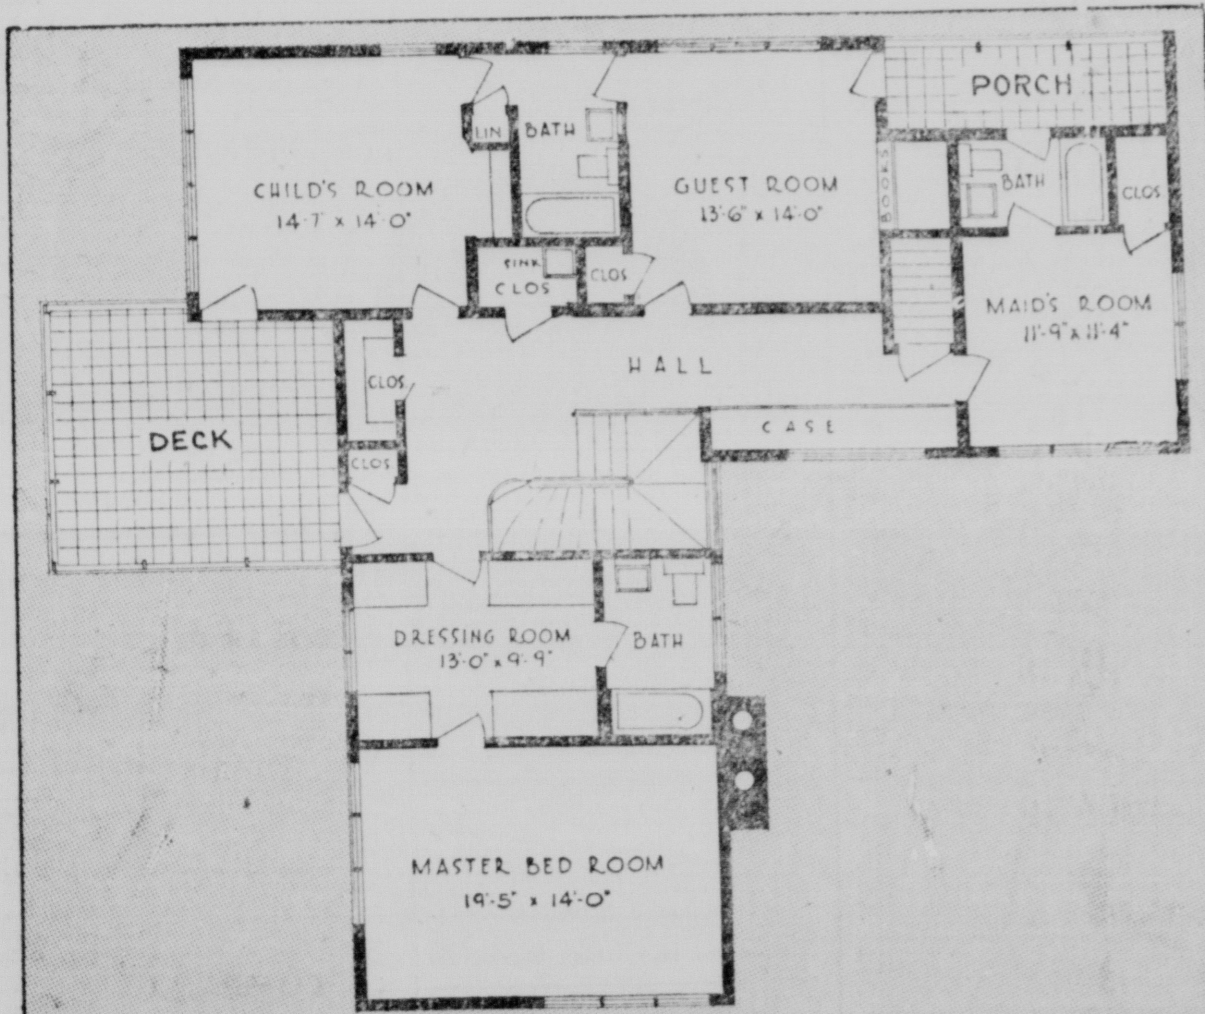

By MARION CLYDE McCARROLL keep those inside from any feeling of being house-bound however rigorous the weather. In summer, they look out on refreshing vistas of cool greenery, besides providing a delightful effect of being as luxuriously airy and spacious as the outdoors itself.

Thus, light, air and sunshine, available all year round, bring the outdoors happily and comfortably indoors, whatever the outside thermometer may happen to register.

Further carrying out this outdoor theme, is the appropriate construction of the house itself, which combines field-stone and wood. The two terraces which open one on either side of the reception hall, the sun deck above the one at the front, and the upstairs porch, contribute a large part, too, in giving the house its enviable atmosphere of luxurious spaciousness.

Terraces at Both Front and back provide for happy outdoor living in summer, while the floor-to-ceiling picture window and the big fireplace in the living room compensate, in winter, for being house-bound.

Master Bedroom With Dressing room and bath, child's room, guest room and maid's room make up the upstairs plan. The guest room opens, at one side, into a bathroom, and at the other, on an upstairs porch.

To always look their best table linens need special attention. Careless handling does not add to their appearance.

Before laundering, remove all stains. Since some spots may not be noticed, soak the linens in clear lukewarm water. Then wash in rich warm soapsuds and follow by two rinsings in clear water to remove all soap particles. If water is hard, adding a water softener will help to remove soap. Soap suds left in white materials tend to gray them. Whenever possible hang white linens in the sunlight to dry, but hang colored ones in the shade.

Some home makers like to dampen the night before ironing, wrap in a bundle and put in a cold place. In cool weather there is little danger from mildew, but in warm weather mildew can start easily.

With the iron or ironer set at the proper heat control and the table cloth folded lengthwise with right side out, iron first on one side then on the other. If a high gloss is desired on damask linen, it may be ironed first on the wrong side, then turned and ironed on the right. It is best to have only

one ironed lengthwise crease so keep the other folds soft. This applies to napkins as well as table cloths.

To prevent creases which come from putting several table cloths on top of each other during storage, try rolling the cloth on a heavy tube.

Those to whom the world outside the house is important as the cozily restricted world of indoors will be charmed with this com-

fortable, many-windowed home built of fieldstone and wood. Light, sunshine, fresh air and spacious views are available all year round.

By MARION CLYDE McCARROLL keep those inside from any feeling of being house-bound however rigorous the weather. In summer, they look out on refreshing vistas of cool greenery, besides providing a delightful effect of being as luxuriously airy and spacious as the outdoors itself.

In winter, the many casement windows, and particularly the huge floor-to-ceiling picture window of fixed glass in the living room, afford wide views which effectively

Further carrying out this outdoor theme, is the appropriate construction of the house itself, which combines field-stone and wood. The two terraces which open one on either side of the reception hall, the sun deck above the one at the front, and the upstairs porch, contribute a large part, too, in giving the house its enviable atmosphere of luxurious spaciousness.

ated her will Feb. 21, 1947, died March 12.

The widow, Lillie S. Bittling, Trumbauersville, will inherit the \$3500 real estate holdings of her husband, Herbert Milton Bittling, Trumbauersville. The will was executed April 24, 1942, and the testator died March 9.

Letters of administration in the estate of Julia Racz, Doylestown township, were granted to Alfred Miller, Upper Black Eddy, amounting to six acres of land valued at \$500 and subject to a judgment of \$748.25 plus taxes of \$45.50. The decedent, who died October 19, 1943, had no known heirs or kin.

In the estate of William R. Kirk, Warrington township, letters of administration were granted to Mary K. Hale, 118 West Moreland avenue, Halthorpe, amounting to a personal estate of \$2,000. The decedent died on Feb. 4.

Florence Myers, Dublin, a daughter, was granted the letters of administration in the estate of Horace L. Myers, Dublin, amounting to a personal estate of \$500. The daughter and a son, Norman Myers, Perkins, ID 1, are the heirs. Their father died Jan. 28.

SUNDAY DINNER Suggestions

SCALLOPED tender chicken will make a delightful main course for your Sunday dinner. Use the smooth white meat of the breast for this dish and you will still have plenty of cold cuts left for that late supper snack.

The A & P Service for Home-Makers suggests that when buying your chicken you look for a bird that is plump, well covered with fat and has moderately short, rounded legs. The skin should be smooth and soft. Spring chickens, or broilers, weighing about one and one-half to two pounds are now on the market and will reach the peak of their season in May and June. This size chicken is well suited for the small family.

Boil your chicken in a large pot with enough water so that you will have at least a pint of rich broth when the bird is done. Thicken the broth with a mixture of two tablespoons of flour and two tablespoons of butter, and season with salt and pepper. One tablespoon of finely chopped onion sprinkled throughout the dish will impart a distinctive flavor.

Prepare two cups of boiled white potatoes, sliced. Dice two cups of chicken. Then fill a pudding dish with the meat, potatoes and bread crumbs, in alternate layers, and cover the top with bread crumbs. Over this pour the gravy made from the broth and add bits of butter on top. Bake fifteen to thirty minutes in a moderate oven (350-400°) and serve while hot. This will serve four.

Begin your Sunday dinner with unsweetened grapefruit juice, followed by scalloped chicken, green peas and a salad of lettuce and tomato. A soft custard over sliced canned peaches and coffee or milk will make an appropriate finishing touch for a successful meal.

Banana Cup Cakes

Sliced bananas show off their good looks in these tempting banana cup cakes made with enriched flour for better food value.

Fruit variety is limited at this season so let's find different ways for using the "dependables" on the market. There are more ways than one to eat bananas. For proof, we offer these cup cakes with a real banana flavor, their fluffy frosting decked with two slices of the fruit. The cup cakes are made by the usual cake method, with the flour mixture added to the creamed mixture alternately with mashed bananas and milk. Measure ingredients carefully, sifting flour once before measuring. Preserve the golden yellow of the cut bananas in the topping by dipping them in lemon or other citrus juice.

Besides good eating, the cup cakes boast of good food value supplied by the enriched flour with its protein, iron, and B-vitamins. The recipe makes a sufficient quantity to serve at a casual afternoon tea, or for after-school snack and dinner dessert.

BANANA CUP CAKES

2 cups sifted enriched flour
2 teaspoons baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1/2 cup shortening
1 cup sugar
2 eggs, beaten

1 teaspoon grated orange rind
1 teaspoon grated lemon rind
1 teaspoon vanilla extract
1 cup mashed bananas
2 tablespoons milk
1/2 cup chopped nuts

Sift together flour, baking powder, soda and salt. Cream together shortening and sugar until light and fluffy. Add eggs, mixing well. Add orange rind, lemon rind and vanilla extract. Add flour mixture to creamed mixture alternately with bananas and milk. Fold in nuts.

Fill greased three-inch muffin pans two-thirds full. Bake in moderate oven (350 degrees F.) about 25 minutes. Yield: About 14 three-inch cup cakes.

B.H.S. SQUAD READY FOR MEET HERE THIS AFTERNOON

Coach Harold McClister, of the Bristol High track team, has his squad all primed for the triangular meet this afternoon on the local track as the Warriors are host to the Morrisville High and Trenton Catholic teams.

Bristol hasn't had much practicing due to inclement weather and the lateness in finishing the basketball season but McClister has worked hard in the few good days that he has had and feels that the Bristol boys will make a fine showing against their arch foes from Lower Bucks County and Trenton.

For his 100 yard dashers, Coach McClister has the choice of Frank Elker, Al Daniels, Tom Kohler, Dave Morrell, and "Bill" Moll. Daniels and Morrell are also candidates for the 220 dash along with "Jim" Sottile, Pat Fields, Joe Martin, and Charles Fisher.

The leading 440 men are: Herman Welker, Marty Braam, Bob Lewis, Jack Rosser and Bob Bowen. Val Bielecki, along with the others in the 440 will attempt to be represented in the 880 yard dash. Braam, Ken Lewis, Howard Bailey, Harry Stephens, "Jim" Mitchell, "Pete" Lodato, and Bob Kornstedt are the milers.

In the field events, Coach McClister is depending on the following in the shot put: "Bill" Moll, "Buster" Monachello, Palmer Sharp, "Siggie" Siegle, "Mickey" Iannucci, Charles Fisher. For the discus throw, there is Monachello, "Dick" Biedel, "Chuck" Long, Ralph Clott, and George Warchol.

Don DeLong is leading the candidates for the javelin-throw and is receiving competition from Ralph Clott, Don Yocum, and Joe Sionne. There is only one pole-vaulter, Larry Ratcliffe. Six men are out for the high jump: Palmer Sharp, "Ham" Konefal, Bob Kornstedt, Harry Ratcliffe, Donald Rieff, and Howard Grant. Attempting to win a place in broad-jumping are: Joe Sionne, Long, Sottile, Stephens, Kohler, and Fisher.

The fact that baseball and track are not conflicting this season will have much to do with the strength of both teams. Last season, on several occasions, both teams were weakened when track meets and baseball games were scheduled on close dates.

COUNCIL ROCK TAKES 1ST PLACE IN LEAGUE

NEWTOWN, Apr. 21 — Council Rock High School jumped into first place in the upper division of the Lower Bucks County League with a 7-1 triumph over Buckingham yesterday.

The game was a one-man show put on by Horace Balderson, star hurler of "Sags" Sagolla's boys. Not only did Balderson strike out 12 Buckingham batters but he clouted a homer with a runner on base in the first and drove home two more with a double in the second. He also had a single to his credit.

Cliff Russell also aided Newtown's attack with a pair of singles while "Ed" Long, Ben Walker, and Bob Morris also played good ball.

TO PRACTICE

The Voltz-Texaco team, runner-up in the Bristol Suburban League last season, will hold its first practice session of the season tomorrow evening at 5:30 o'clock on the high school field.

MORRISVILLE READY FOR MEET HERE TODAY

MORRISVILLE, Apr. 21 — The Morrisville Bulldogs, under the direction of Coach Alex McDonald, is prepared to invade the Bristol High School cinder path in its triangular meet with the Warriors and Trenton Catholic High, this afternoon.

Coach McDonald is relying on his left-overs from last season to do most of the team scoring. He is depending on Captain Bob Pugh in the mile run and 880 yard dash; Bob Felver, in the 440; Johnny Higgins and Dick Beadle in the half mile, and "Charlie" Johnson in the sprints. "Lad" Schmelzer will throw the weights, with his pole-vaulter being Paul Fleischer and Tom Pitman. "Ronnie" Coombs is certain to place in the high jumping event.

Others who will represent the Blue and White are: Dick Foster, Eddie Henley, Pete Martin, Bob Pfeiffer, Ed Gordon, Dave Wright, Charles Weber, "Jim" Welsh, and Andy Thompson.

Local Archers Enjoy Day At Northfield

Joe Stevens, Clyde Stottard, Bob Hastings and Jack Austin, Bristol archers, journeyed to the Fish Fry-Field Shoot Sunday, held at Northfield, N. J., the Briar Patch Bowmen being the host club.

Hours of rugged shooting and fun were had by all at this well-planned and natural field course which is probably the only course of its type in this area.

Stevens stole the high score target prize for the local group.

Attending the shoot were some of the country's leading archers from neighboring states trying to capture top honors.

Many sore shoulders and wind-burned faces are had as a result of Sunday's shoot. The local group combined sent approximately 1000 arrows into the course (many finding the target).

BASEBALL NINE TO REPORT

The athletic board of the Fifth Ward Sporting Club requests all members of last year's baseball team and all newcomers to report to Memorial field tonight at 5:30 for an important practice and announcement.

BRISTOL HIGH WINS FIRST GAME; BENSALEM LOSES

Bristol High opened its baseball season yesterday afternoon by trampling Bensalem High, 12-3, in a Lower Bucks County League tilt on the local diamond. The Warriors made 10 hits in the fracas.

Joe Ashby was on the peak for Coach "Jerry" Bloom's team and allowed the Owls but four scattered hits. One of these was a home run from the bat of "Whitby" Bristow in the fourth inning. Ashby had four strikeouts to his credit.

The starting hurler for Bensalem was Walt Fredericks and he lasted until the fifth when Frank Koby went in. Both hurlers were given ragged support while the Bristol defense behind Ashby was tight, the team playing errorless ball after the second inning.

Ashton's hit scoring Oliver gave Bensalem a run in the first and another came in the second on a walk, infield out and an error. Bristol's four-base ply was the other run.

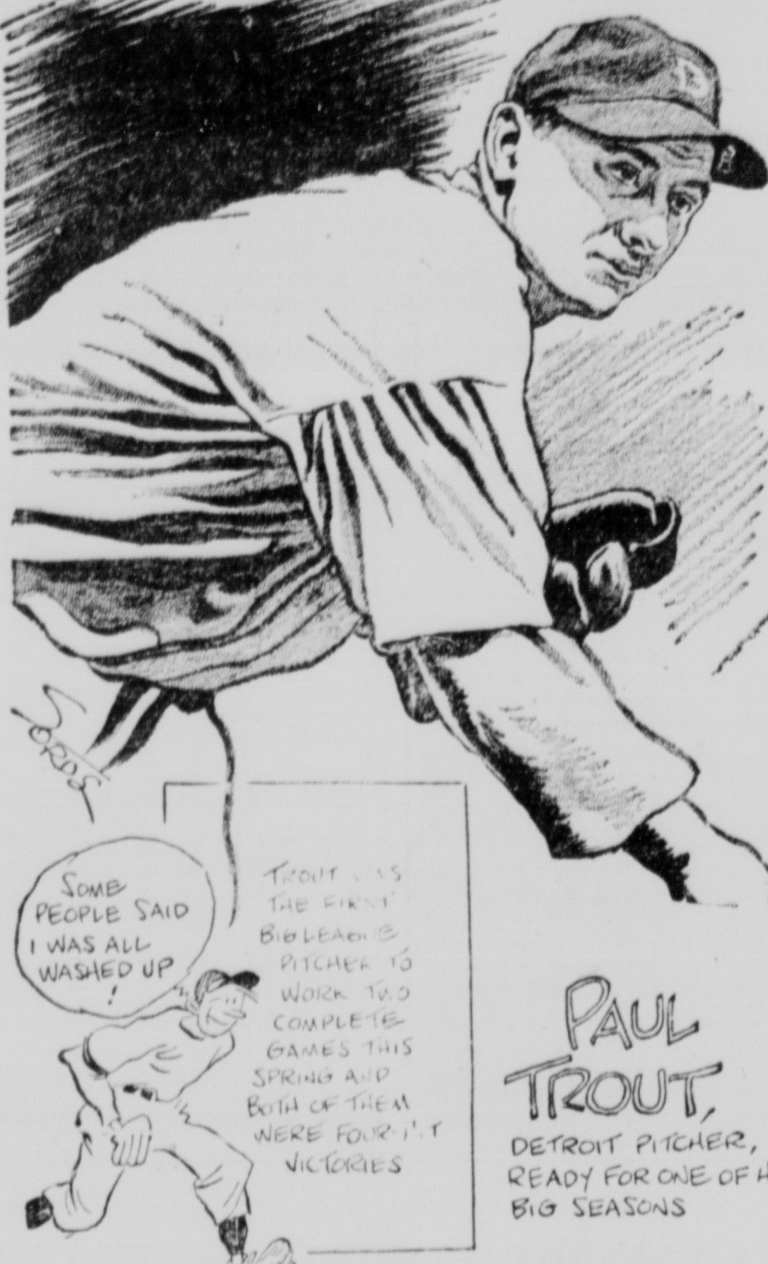

A triple from the bat of Frank Elker gave the Warriors their first run with four more coming in the fourth on but one hit, three errors, a hit batsman, a walk, and fielder's choice. Four hits and two errors gave the Bristolians another quarter of markers in the fifth, one of the hits being a triple by Joe Dominic. An error and successive doubles from the bludgeons of Morrell, Moll, and Murphy gave the Warriors three more runs in the sixth inning.

Stevens stole the high score target prize for the local group.

Attending the shoot were some of the country's leading archers from neighboring states trying to capture top honors.

Many sore shoulders and wind-burned faces are had as a result of Sunday's shoot. The local group combined shot approximately 1000 arrows into the course (many finding the target).

COUNCIL ROCK TAKES 1ST PLACE IN LEAGUE

NEWTOWN, Apr. 21 — Council Rock High School jumped into first place in the upper division of the Lower Bucks County League with a 7-1 triumph over Buckingham yesterday.

The game was a one-man show put on by Horace Balderson, star hurler of "Sags" Sagolla's boys. Not only did Balderson strike out 12 Buckingham batters but he clouted a homer with a runner on base in the first and drove home two more with a double in the second. He also had a single to his credit.

Cliff Russell also aided Newtown's attack with a pair of singles while "Ed" Long, Ben Walker, and Bob Morris also played good ball.

The Voltz-Texaco team, runner-up in the Bristol Suburban League last season, will hold its first practice session of the season tomorrow evening at 5.30 o'clock on the high school field.

MORRISVILLE READY FOR MEET HERE TODAY

MORRISVILLE, Apr. 21 — The Morrisville Bulldogs, under the direction of Coach Alex McDonald, is prepared to invade the Bristol High School cinder path in its triangular meet with the Warriors and Trenton Catholic High, this afternoon.

Coach McDonald is relying on his left-overs from last season to do most of the team scoring. He is depending on Captain Bob Pugh in the mile run and 880 yard dash; Bob Felver, in the 440; Johnny Higgins and Dick Beadle in the half mile, and "Charlie" Johnson in the sprints. "Lud" Schmelzer will throw the weights, with his pole-vaulters being Paul Fleischer and Tom Pittman. "Ronnie" Coombs is certain to place in the high jumping event.

Others who will represent the Blue and White are: Dick Foster, Eddie Henley, Pete Martin, Bob Pfeiffer, Ed Gordon, Dave Wright, Charles Weber, "Jim" Welsh, and Andy Thompson.

Local Archers Enjoy Day At Northfield

Joe Stevens, Clyde Stottard, Bob Hastings and Jack Austin, Bristol archers, journeyed to the Fish Fry Field Shoot Sunday, held at Northfield, N. J., the Briar Patch Bowmen being the host club.

Hours of rugged shooting and fun were had by all at this well-planned and natural field course which is probably the only course of its type in this area.

Stevens stole the high score target prize for the local group.

BRISTOL HIGH WINS FIRST GAME; BENSALEM LOSES

Bristol High opened its baseball season yesterday afternoon by trouncing Bensalem High, 12-3, in a Lower Bucks County League tilt on the local diamond. The Warriors made 10 hits in the fracas.

Joe Ashby was on the peak for Coach "Jerry" Bloom's team and allowed the Owls but four scattered hits. One of these was a home run from the bat of "Whitey" Bristow in the fourth inning. Ashby had four strikeouts to his credit.

The starting hurler for Bensalem was Walt Fredericks and he lasted until the fifth when Frank Koby went in. Both hurlers were given ragged support while the Bristol defense behind Ashby was tight, the team playing errorless ball after the second inning.

Ashton's hit scoring Oliver gave Bensalem a run in the first and another came in the second on a walk, infield out and an error. Bristow's four-base ply was the other run.

A triple from the bat of Frank Elker gave the Warriors their first run with four more coming in the fourth on but one hit, three errors, a hit batsman, a walk, and fielder's choice. Four hits and two errors gave the Bristolians another quartet of markers in the fifth, one of the hits being a triple by Joe Dominic. An error and successive doubles from the bludgeons of Morrell, Moll, and Murphy gave the Warriors three more runs in the sixth inning.

3/4 cup drained crushed pineapple.
2 egg whites, stiffly beaten.
Combine sweet potatoes, butter, brown sugar, salt, cloves and pineapple, and mix well. Fold in egg whites. Turn into a buttered 1 1/2-quart casserole. Bake in a moderate oven (350 degrees F) about 45 minutes, or until potatoes are puffy and browned. Six servings.
